

DEMOCRATS FAVOR THE WHITE METAL

MUCH TALKED OF MANIFESTO ISSUED YESTERDAY.

The Ratio of Sixteen to One is the Demand—Things Quiet Down Somewhat—Not Much Business in the House—The Senate Is All Serene—Capital News.

Washington, March 2.—The democratic silver manifesto, which has been the chief topic of talk on that side of the house for a few days, was made public yesterday. Representative members from fifteen states signed the declaration at the instance of Mr. Bryan, but the canvass is so far very incomplete, and the list of signers will not be made public until it is complete. The paper says in part:

"To the Democrats of the United States: We, the undersigned democrats, present for your consideration the following statement: We believe that the establishment of gold as the only monetary standard and the elimination of silver as a full legal tender money will increase the purchasing power of each dollar, add to the burden of the debt, decrease the market value of all other forms of property, continue and intensify business depression, and finally reduce the majority of the people to financial bondage.

"We believe that no party can hope for enduring success in the United States so long as it advocates a single gold standard, and we point to the overwhelming defeat of the party in 1894, to the opposition aroused by the veto of the seigniorage bill, and to the still more unanimous protest against the issue of gold bonds as proof that the democratic party can not be brought to the support of the gold standard policy.

"We believe that the money question will be the paramount issue in 1896, and will so remain until it is settled by the intelligence and patriotism of the American voters.

"We believe that a large majority of the democrats of the United States favor bimetalism, and we assert that the majority has and should exert the right to control the policy of the party and retain the party name. It is not necessary that democrats should surrender their convictions on other questions in order to take an active part in the settlement of the question, which at this time surpasses all others in importance.

"We believe that the rank and file of the party should at once assert themselves in the democratic party and place it on record in favor of the immediate restoration of the free and unlimited coinage of gold and silver at the present legal ratio of 16 to 1, as such coinage existed prior to 1873, without waiting for the aid or consent of any other nation, such gold and silver coin to be a full legal tender for all debts, public and private.

"We urge all democrats who favor the financial policy above set forth to associate themselves together and impress their views upon the party organization; we urge all newspapers in harmony with the above financial policy to place it at the head of the editorial column and assist in the immediate restoration of bimetalism."

The meeting of the executive committee of the Bimetallic league, which has been in progress for nearly two weeks, and the proceedings of which have been surrounded with the greatest of secrecy, may be continued until after the adjournment of congress. So far as can be learned few republicans seem to have taken part in the discussion, and the representation has been confined mostly to the democrats and populists.

SENATE SERENE.

Traces of Thursday Night's Vindictiveness Are Slightly Visible.

Washington, March 2.—The demonstrations in the senate Thursday left their traces yesterday, but on the surface business proceeded with its usual serenity. After some minor business, Mr. Butler brought forward a new amendment appropriating about \$1,000,000 for French spoliation claims and for claims under the Bowman act. The amendment was agreed to, thus incorporating the claims in the bill. Mr. Butler's amendment had been attached to another amendment appropriating \$1,809,539 in favor of the Southern Pacific railroad, and this brought on a hot debate as to the railroad claim.

After a lengthy debate the Southern Pacific amendment and the French spoliation amendments were both adopted—yeas 32; nays, 24.

Mr. Mitchell secured the adoption of an amendment providing for the payment of the sums named to the following states on account of moneys spent in assisting in the suppression of the rebellion: California, \$3,954; Oregon, \$335,152; and Nevada, \$404,040. Senator Morgan, chairman of the committee on foreign relations, and one of the United States members of the Bering Sea commission, offered a resolution concerning payments for the Bering Sea seizures. It directed the reference to the foreign relations committee of the President's message concerning the seizures, and an investigation of the subject during the session. Senator Morgan said an inquiry was most desirable for a vindication of the United States. Senator Turpie objected to immediate consideration of the resolution and it went over.

The general deficiency bill was then passed and the senate proceeded to the consideration of unobjectionable pension bills and bills to correct military records.

No Publication of the Dairy Tests.

Washington, March 2.—Not a sensational incident occurred yesterday in the house on the last legislative day but one of the session. The entire day was devoted to the consideration of bills on notions to pass them under suspension of the rules.

Mr. Hatch's joint resolution directing the secretary of the treasury to publish

the dairy tests made at the Columbian exposition failed to pass—143 to 121, two thirds not having voted in favor of it.

The house resolution to refund the state of West Virginia \$181,306, her share of the direct war tax of 1861, less \$27,328, the amount heretofore paid by the government was passed, 157 to 72.

An order was made to send the deficiency bill to conference if it came from the senate later and then the house took a recess until 8 o'clock. The night session was devoted to private pension bills.

Official Statement of Public Debt.

Washington, March 2.—The monthly statement of the public debt issued from the treasury yesterday shows that Feb. 28, 1895, the public debt less cash in the treasury amounted to \$890,412,940, a decrease for the month of \$34,033,328. This decrease of debt is accounted for by the receipt of gold on account of the last bond issue, against which no bonds have yet been issued.

Assistant Treasurer at St. Louis.

Washington, March 2.—The President has nominated George H. Small, of Missouri, to be assistant treasurer of the United States at St. Louis, Mo.

The President also nominated these postmasters: Jones W. Olson, Galva, Ill.; Frank Moulton, Winona, Ill.

Wilson Is Confirmed.

Washington, March 2.—Representative Wilson's nomination to be postmaster-general was confirmed by the senate yesterday.

ILLINOIS LEGISLATURE.

Bills Introduced in Senate and House Yesterday.

Springfield, Ill., March 2.—In the senate yesterday Senator Crawford moved the reconsideration of the vote on his bill in regard to elevated roads be made a special order for next Tuesday. The motion prevailed, and his bill in regard to street railways was also included in the special order. Senator Hamer introduced two bills, one to prohibit the sending of minors to saloons and the other to prohibit the sale and manufacture of cigarettes. Senator Anthony introduced a bill to enable the people to take appeals in all cases prosecuted in their names. Senator Paisley—to amend the act for the maintenance of a system of free schools by providing that the members of school boards be elected from the township instead of from one school district.

On motion of Senator Crawford the senate adjourned until 5 o'clock Monday.

In the house Mr. Weston moved to reconsider the vote by which Mr. Kaiser's bill prohibiting the carrying of deadly weapons by minors under 14 years of age failed to pass Thursday. Consideration of the motion was made a special order of Tuesday. Bills were introduced as follows:

Mr. Snyder—Providing that "every corporation doing business in the state of Illinois shall pay weekly each and every employee engaged in his business the wages earned by such employee to within six days of the date of such payment; provided, however, that if at the payment any employee shall be absent from his regular place of labor he shall be entitled to said payment at any time thereafter upon demand."

Mr. Woolsey—Requiring life insurance companies doing business in Illinois to annually distribute among their policy holders the surplus accumulations belonging to such policy holders.

Mr. Rondeau—To suppress the circulation of newspapers or other publications having for their principal object the dissemination of criminal or scandalous news or opprobrious correspondence.

A number of house bills were advanced to second reading. Mr. Jones of Cook moved that his bill be made a special order for next Tuesday, but this was voted down. The house adjourned to 5 o'clock next Monday afternoon.

Uncle Sam After Honduras.

Washington, March 2.—The United States has determined Honduras must comply with demands for the punishment for the murder of an American citizen. Diplomatic means having failed the cruiser Montgomery has left Mobile, Ala., for Trujillo, to see if the presence of an American man-of-war will not have a wholesome effect upon the Honduran authorities. The instructions to the commander of the Montgomery are explicit, it is said.

Against Change of Monetary Plans.

London, March 2.—Except in Manchester, where the bimetallic feeling is strong, the action of parliament the other day has evoked little comment in the English press, but in both conservative and liberal journals in London the tone is strongly against any change in the monetary system, or indeed and alteration in England's attitude if Germany calls an international conference in the form that was maintained at Brussels.

Sentenced to Life Imprisonment.

Chicago, March 2.—Edmund Jordan was found guilty last evening of the murder of Alfred Barnes and his punishment was fixed by the jury at life imprisonment. Annie Mahoney was pronounced guilty of murder as accessory after the act, while John R. Jersey, the third defendant in the brutal murder trial, was acquitted. Barnes was murdered in the basement of a building and his body mangled and placed in a dry goods box on the street, about six months ago.

Gen McClelland Gives Up Hope.

Springfield, Ill., March 2.—The physician who is attending Gen. John A. McClelland said last night that the general's condition was worse. He has no appetite, and has himself given up all hopes of recovery. Gen. McClelland is now 83 years of age, but has been in vigorous health until this winter, when his system was weakened by a carbuncle on his neck.

Will Ship More Gold.

London, March 2.—The bond syndicate has signed to ship gold to the amount of £250,000 (\$1,250,000) from Liverpool to-day.

SLOW GAINS MADE

R. J. DUNN & CO. SAY

INDUSTRIES SHOW BUT LITTLE PROGRESS.

Stocks Wait on London—Textile Market Is Better—General Outlook For All Classes of Business Fair—Cotton Is Away Down—Wheat a Little Higher—List of Failures.

New York, March 2.—R. G. Dunn & Co.'s Weekly Review of Trade says: No gold has gone out, though sterling exchange has risen close to the exporting point, and it does not yet appear that the syndicate has made any effort to control the exchange market. London has sold about 40,000 shares of stock during the week, and the market is distinctly lower for railroad shares, though a shade stronger for trusts. The stock market waits abjectly for London, and foreigners show thus far more disposition to sell than to buy. Withdrawals of gold by redemption of legal tenders have not ceased, but since the closing of the syndicate contract have averaged about \$120,000 a day.

Wheat is 1½ cents higher, but clearly not because western receipts are a trifle less than a year ago nor because exports from the Atlantic coast are small. Nothing is seen to justify any material rise, as supplies in sight do not decrease more than they would naturally on account of bad weather. Corn is only a shade higher, with western receipts much smaller than last year.

Cotton dropped a week ago to 3.56 cents, the lowest point ever known since modern classifications were adopted, and has not yet risen, though the talk of a great reduction in acreage this year is as vigorous as ever. The whole market turns on the fact that stocks of American cotton here and abroad are considerably larger than a year.

The industries make slow gains where they make any. In the minor metals there is more business in lake copper at 9.65 cents, with some offerings at 9.5 cents, and forced sales have depressed lead to 3.1 cents. Tin is also weaker at 13.1 cents, with heavy importations.

The market for cotton goods is fairly active, and the demand improves in some grades, but is, on the whole, decidedly disappointing, though this week there has been no sensational reduction in prices. Undoubtedly the accumulation of goods continues, and is most dangerous for the trade. The sales of wool at the three chief markets during the last month have been 20,303,550 pounds, against 18,444,131 last year, and 28,189,000 for the same weeks two years ago, and while the mills making low grade goods are fairly supplied with orders it is a most unwholesome feature that numerous cancellations are reported, indicating the goods supplied at exceptionally low prices do not meet the expectation of buyers. On the other hand, the demand for the goods of a better grade seems a little better than expected.

Failures for the last week have been 250 in the United States, against 281 last year, and in Canada 38, against 42 last year.

TAKES IN GOV. CLOUGH.

Impeachment Inquiry Proposed in Minnesota Legislature.

St. Paul, Minn., March 2.—Representative Brevig, a populist member of the house from Renville county, presented a long preamble and resolution yesterday charging that Moses D. Kenyon, public examiner and superintendent of banks, had certified to the good condition of certain prominent financial institutions of St. Paul and Minneapolis, when, in fact, those institutions were insolvent; that such facts had been called to the attention of former governor, D. M. Clough, had now had one month in which to look over such papers. It is therefore resolved a committee of five be appointed to examine thoroughly all the charges, and if the evidence warrants such action to draw up the proper papers for impeachment proceedings against Bank Examiner Kenyon and Gov. Clough. Notice of debate sent the resolution over until to-day. When the resolution comes up it will cause some of the sharpest debates that have been heard in the house. The governor's friends are indignant.

Illinois' Winter Wheat.

Springfield, Ill., March 2.—The area of winter wheat in Illinois, as shown by the latest reports received by the state board of agriculture, concerning the crop of 1895, was 660,000 acres in the northern division, 834,500 acres in the central division and 981,000 acres in the southern division. Compared with the last harvest crop this was a decrease of 12 per cent in the northern and central divisions, but of only 2 per cent in the southern division. The crop is in very fine condition.

Eight More Rioters Sentenced.

Savannah, Ga., March 2.—Eight more rioters were sentenced for thirty days in jail by the recorder yesterday. Their friends gave bonds and all the cases go to the state courts. Slattery remains here awaiting the arrival of an A. P. A. organizer, who, it is understood, will lecture on the objects of that organization. Feeling is quieting down, but the arrival of the organizer is expected to arouse it again to some extent.

BRODHEAD GUTTED

BY A BIG BLAZE

BUSINESS PART OF THE TOWN LAID WASTE.

Fire That Raged This Morning Will Cause a \$15,000 Loss With But \$7000 Insurance—The Places That Were Destroyed—Medford Wagon Works Also Burned.

Brodhead, March 2.—Fire gutted the business portion of Brodhead this morning.

Six business firms were burned out and many others are heavy losers. The loss will reach \$15,000 with \$7,000 insurance. The heaviest losers are:

Clark's drug store.
Cole's hall.
Kepler's shoe store.
Hahn Brothers' clothing store.
Miss Englebreton's dressmaking establishment.

Justice Thompson's office and many others. The loss in all cases is told.

Medford, Wis., March 2.—West Bros' large wagon shop burned this morning. The loss is \$3,000 with insurance of half that amount.

Chicago, March 2.—The Globe Moulding Works and a row of dwellings burned this morning. The loss is \$50,000.

Omaha, March 2.—The Union Pacific car shops began burning at 9 o'clock this morning and will probably be a total loss.

Glasgow, March 2.—The Theatre Royal burned this morning and the loss is \$200,000.

BAD FOR HAYWARD.

State Produces Some Important Witnesses in the Famous Trial.

Minneapolis, Minn., March 2.—The Hayward trial proceeded yesterday in spite of the fact that County Attorney Nye is confined to his bed from nervous prostration. The state knocked a few more props out from under the defense in rebuttal. Louis Behm swore that he was present at the conversation between Liveryman Wilson and James Ward, when the former was alleged to have said that it was not Harry but Adry Hayward he saw driving with Miss Gling on the night of the murder. Behm declared that the Haywards were not mentioned in the whole conversation. Ernest Gamash testified that he saw George Grindall on the east side many blocks away at the very time when Grindall swears he saw the mysterious "third man" get into the buggy with Miss Gling. Thus are two important witnesses for the defense impeached.

A gun expert was called to show the bullets in various makes of cartridges differed in weight. This was to upset Erwin's coup showing the cartridge used to kill Miss Gling was a 38-long and not a 38-short, as Blitt testified. George Henry Payette, the messenger boy who carried the note from Harry Hayward to Miss Gling Nov. 30, was called, and swore the note was carried at 2:40 o'clock in the afternoon. Mrs. Adry Hayward swore Adry took her riding the night of April 27, when the holdup occurred. Adry Hayward corroborated his wife in regard to the drive April 27. He said his father and mother made untrue statements when they said he had threatened to kill his brother. Mary C. Mathes, a sister of Mrs. Adry Hayward, testified that she was in the dining-room where Harry took his meals the night of Dec. 3. Harry testified he left there at 7:22 but she says he came in there at 7 o'clock and only ate a little soup. He was in a hurry and left about eight minutes afterward. This would make his departure at about 7:10, and would assist the state to show he had time to make his trip to where Mr. Wilson swore he saw him in the rig with Miss Gling, giving him ten minutes to get there in.

James Ford testified that the night of the murder he saw Miss Gling, whom he knew by sight, drive up Fifth avenue north until she crossed Seventh street. No cross-examination could break him in the least. C. B. Dickens, owner of a livery stable opposite the West Hotel, corroborated the witness.

TWO BUILDINGS FALL.

Deaths Caused by Negligence in New York Yesterday.

New York, March 2.—Two buildings, one in course of construction and one in course of demolition, collapsed in this city yesterday and killed four men and fatally injured or maimed or bruised twenty others.

The first accident occurred at 9:30 in the morning. A house on Forty-third street and Tenth avenue, which was being torn down by some forty laborers, fell with a crash, carrying several workmen to the basement, three floors below, and they were covered by tons of bricks, dry mortar and iron beams.

The second accident occurred at 3:35 o'clock in the afternoon. Without the slightest warning to the fifty men that worked near it, the central wall to the four double tenement houses being erected at Nos. 151 to 157 Orchard street, crumbled and fell. With the wall went portions of the four floors, leaving a great rent fifty feet long and thirty feet wide in the center of the buildings. It was like a pit, at the bottom of which was a mass of tangled iron and broken wood that covered many men. From that heap in an hour had been taken out one man dead and twelve injured. The contractors are John Coomes of Astoria and Peter C. Cleaves. The owner is William F. Lannon. All were arrested.

New Railway Company.

Albany, N. Y., March 2.—A certificate of incorporation of the Western New York railway company has been filed with the secretary of state. Its capital stock is \$10,000,000.

MEXICAN HORROR IS GROWING

Last Details Show That It Is Worse Than at First Reported.

City of Mexico, March 2.—One of the most frightful accidents in the history of the Mexican railroads, resulting in the killing of 104 persons and the serious if not fatal injury of nearly a hundred others, occurred Thursday afternoon on the Inter-Oceanic railroad at a point twenty-five miles from this city. A few days ago a great number of persons left the capital and the towns in the vicinity to go on a pilgrimage to the Catholic shrine at Sacre Monte. Thursday a long train, aboard of which there were 1,200 passengers, was returning from the place of pilgrimage. All went well until a point on the line midway between Temamita and Tenango was reached. On this part of the road there is a steep incline, the line at one place on it having a sharp curve, where it runs close to the edge of a high precipice. As the train began to run down the incline many of the passengers were laughing and joking, while others were looking out of the window at the rapidly passing scenery, which is grand. Soon the speed of the train began to increase and it was running at a frightful rate. The passengers ceased their laughter and joking and looked at each other with a strange fear depicted on their faces. Steadily the momentum of the train, which was swaying and bounding fearfully, increased and soon the dangerous high curve was struck.

As the pilot wheels of the engine took the curve the locomotive swayed outward and then back. As the drivers went on the curve the engine again swayed heavily and then either jumped the track or turned a rail. It dashed across the scanty space between the rails and the edge of the chasm and then plunged downward. One after another of the coaches, filled with passengers, dashed after it and piled up in a mass of wreckage at the foot of the track, but most fortunately did not go over the edge of the precipice.

As the fifth coach left the metals it twisted and broke the coupling connecting it with the coaches behind it. These coaches kept the rails and passed safely around the curve. After running a considerable distance they were stopped by the hand brakes.

When the engine and the three coaches fell to the bottom of the ravine there was a fearful crash, and mingled with it, were the shrieks of the frightened passengers, which could easily be heard above the escaping steam of the engine, which was knocked to pieces by the fall.

In the meantime a number of passengers in the other coaches had returned to the scene of the wreck and devoted themselves to the work of rescuing those imprisoned in the wreck. The sight there was a gruesome one. The carriages were shattered, and a majority of the occupants were lying beneath the wreckage. The shrieks and moans of the injured were heart-rending, while many of the unhurt women and children moaned and wailed in an agony of terror.

The train hands were American, and some of them, as soon as possible, telegraphed news of the disaster to this city. The railroad officials displayed commendable activity and a special relief train, with surgeons, an ambulance, medicines, bandages, etc., was promptly dispatched to the scene. One hundred and four dead and eighty-five wounded were taken out of the wreck. The injured were brought to the City of Mexico on the special train and taken to the military hospital, which was thrown open to the sufferers by orders from President Diaz.

Many of the dead will never be identified, some of them being so horribly mangled that it is almost impossible to recognize the remains as those of human beings.

So far as can be learned the accident was due to the negligence of the engineer. The engineer and fireman are believed to be under the wreck, and why the train was allowed to run practically wild on one of the most dangerous sections of the road will probably never be known. The wildest rumors prevailed here for some time after the accident and the fatalities were placed at all the way from six to 204, and the wounded from forty-five to 100. One thing is certain, it is the most disastrous casualty that has occurred in Mexico for many years.

ACCIDENT IN NEW JERSEY.

Central Express Train Is Wrecked with Serious Results at Bayonne.

Bayonne, N. Y., March 2.—A serious wreck occurred on the Central railroad of New Jersey at 6:30 last night at the Forty-second street crossing, Bayonne. The west bound Royal Blue line express which left Jersey City at 6:12 was wrecked by coming into contact with a coal train which preceded it. The two cars of the coal train jumped the track just as the express hove in sight, and before the engineer of the express could slow down and stop his train the locomotive crashed into the rear end of the coal train.

The dead are:

HOLLAND, WINFIELD.

THOMAS, W. H.

Engineer Thomas was so badly injured that he died a short time after he was removed to the Bayonne hospital. Holland was instantly killed by being buried under the wreckage. O'Reil, fireman, was badly injured and was taken to the Bayonne hospital, where he is still alive. An unknown passenger was slightly injured.

Trains Delayed by Washouts.

Akron, Ohio, March 2.—Both branches of the Cuyahoga river are undergoing a freshet, overflowing its branches and flooding the low lands. Much damage has been done to fences, outbuildings, and wheat, and several bridges are in danger. The Valley railway trains are all delayed by washouts.

Injured in an "L" Road Collision.

New York, March 2.—An accident that fortunately had no more serious results than the cutting and bruising of three passengers, the shaking up of many, and the smashing of a car occurred on the Sixth avenue "L" road at Worth street last evening during the "rush" hour. A misplaced switch was the cause of the accident.

BIG BELOIT STRIKE

MAY BE SETTLED

CONFERENCE BEING HELD IN CHICAGO TODAY.

It Is Thought That the Meeting May Result in Patching the Matter Up—Two Men Who Wouldn't Quit Are Said To Have Been Persecuted—Superintendent Removed.

Beloit, March 2.—A committee of strikers consisting of Isaac Gilman, Charles Gammon, and J. Hewett left for Chicago this morning in response to a telegraphic request to present their case to Messrs. Fairbanks, Morse & Company. Superintendent Protzert is also in Chicago looking after his interests.

It is said that the strikers are making life uncomfortable for two co-makers, J. and A. Syne, who refused to quit work with the rest of the men. The boarding house keeper with whom they were stopping, is said to have raised the rates to them to \$1.50 per day, and a number of indignant men were looking for them last night to "run them out of town." It is believed the committee in Chicago will settle the strike.

Beloit, March 2, 4 p. m.—Superintendent H. F. Protzert of the shop where the strike occurred has been removed. The men are delighted and expect to return to work Monday at their former wages.

SILVER FOR CHINA AND JAPAN.

Arrangements Made for Shipping It from San Francisco.

San Francisco, Cal., March 2.—The San Francisco agents of China and Japan bankers are checking the flow of silver from Colorado, Utah and Nevada to the orient by way of New York and are shipping bullion to Hong Kong and Yokohama from this port. Silver shipments are increasing monthly. A local smelting concern separates the gold and silver in the bullion, after which the silver is reshipped abroad in solid bars. The cost of shipping \$1,000 of fine silver from Denver to Hong Kong via New York and London is \$19.06, and by way of San Francisco \$14. The Bank of California and the French bank have in a large measure changed the flow of the immense silver output, which is regarded as a pronounced commercial triumph for San Francisco, China, Japan and other oriental countries have for years been the largest consumers of silver in the world, having received through San Francisco and London during the six years \$342,000,000.

TO CRUSH OUT THE REBELS.

Seven Battalions of Troops Ordered to Proceed to Cuba.

Paris, March 2.—A dispatch received here yesterday from Madrid confirms the press dispatches of Wednesday night announcing that the Spanish government was prepared to send large reinforcements of troops to Cuba if such a step is found to be necessary. It is now stated that the Spanish government has issued definite orders for the immediate transportation of seven battalions of troops, each composed of 900 men, to Havana. In addition it is said that another battalion of troops has been ordered to Havana from Porto Rico, making a total of over 7,000 men to be sent in haste to Cuba.

Showal. Affirmed.

Washington, March 2.—The nomination of John W. Showalter for judge of the seventh judicial circuit was confirmed by the senate yesterday. Senator Cullom secured action on the nomination just before the close of the executive session. There was no opposition. Telegrams and letters from Showalter's friends to Senators Pugh, Cullom, Palmer and other senators did the business.

London Bank Losses.

Halifax, N. S., March 2.—A mail steamer which arrived to-day from Jamaica brings news of a mysterious robbery. The advices state that the Colonial Bank of London sent five boxes, each containing \$5,000 in gold, to the Colonial Bank of Kingston. When the boxes reached Kingston one of them was empty. There is no clue to the perpetrators of the theft.

Guests Charged With Murder.

Little Falls, Minn., March 2.—Andrew Kunza, the old man who was injured in the row at the Polish wedding in Elm-dale Tuesday evening, died yesterday. Before his death five men were arrested on the charge of assault and were released on \$200 bonds to appear Saturday. At that time the charge will be changed and they will be held for murder.

Starved to Death.

Philadelphia, Pa., March 2.—Lambert Deakens, aged 50 years, died from starvation at his home yesterday. When discovered by neighbors he was speechless from hunger and by the time a doctor arrived he was dead. In an adjoining room lay the almost lifeless body of his wife, who is in a critical condition.

Pana Miners' Wages Cut.

Pana, Ill., March 2.—The Pana Coal company has reduced miners' wages from 45 to 40 cents per ton, or an alternative of \$2 per day. The rumor of a strike on March 4 is not generally credited, as the miners at one of the mines accepted a reduction to \$2 per day two months ago.

Heir to \$3,000,000.

Mont Clair, N. J., March 2.—Matthew Roland of this place received a letter from Australia last night informing him that he was one of the heirs to a fortune of \$3,000,000 left by an uncle who recently died.

THE SCENES OF WAR RECALLED BY DEATH

HOW MRS. CHESTER NURSED
THE UNION SOLDIERS.

Her First Husband, Governor Harvey, Used to Run the Shopiere Mills and Was Well Known in Janesville—After His Death She Went Onto the Field.

The death of Mrs. Chester, which was briefly chronicled in the Gazette last night recalls some early Rock county history. Her husband, Louis P. Harvey, represented Rock county in the state senate in 1854-55 and '7, and was secretary of state from Jan. 2, 1860 until January 6, 1862, when he was inaugurated governor, holding that office until April 19, 1862, when he was drowned in the Tennessee river, at Savannah. His home was in Shopiere, but he was not a stranger on the busy streets of Janesville. Being engaged in the milling business in that village and operating the Harvey flouring mill, his business brought him to Janesville nearly every day, and his good wife was frequently with him in his drives between the two places. The prominence in political circles, as well as in a social way, brought them continually into notice, and none were more popular in Rock county at that time than Mr. and Mrs. Harvey.

There have been few women in Wisconsin whose names are cherished as that of Mrs. Harvey, not alone by the soldiers for whom she did so much but by the little children, now grown to manhood and womanhood, who were orphaned by the war and for whom she did so much to furnish a comfortable home. Her husband, then governor of the state, went south soon after the battle of Pittsburg Landing to furnish supplies and medical aid to Wisconsin soldiers. At Savannah on his way home, as about to pass from one boat to another, he slipped and fell into the waters of the Tennessee river and drowned.

Because a War Nurse.

Almost before she had recovered from the terrible shock of her husband's tragic death, Mrs. Harvey decided to devote herself to the work Gov. Harvey had so nobly begun of caring for Wisconsin soldiers.

Gov. Harvey's last letter to his wife, dated at Pittsburg Landing, April 17, 1862, had but three sentences, which were as follows: "Yesterday was the day of my life. Thank God for the impulse that brought me here. I am well, and have done more good by coming than I can well tell you." The letter and the death of her husband became an inspiration to Mrs. Harvey. She asked of Governor Solomon permission to visit hospitals on the western department as an agent of the state, and early in the autumn of 1862 set out for St. Louis. She went timidly; hospitals and the whole medical department were as yet very imperfect; she had a task to comprehend even the necessities of the case. She visited many general hospitals along the Mississippi river, and post hospitals of Wisconsin troops. The heat was oppressive; noxious and contagious diseases prevailed; some surgeons were appalled; some attendants shrank from the care of the sick and the removal of the dead. But her forwardness, activity, ingenuity, and yearning over the sick and dying, emboldened and incited many for their proper work.

Her Self-Sacrificing Labors.

Soon after her return to St. Louis, she went to Wisconsin to give proper direction to the ladies who were making efforts to alleviate the sufferings of the soldiers. In October Mrs. Harvey re-visited the hospitals. She did all in her power to comfort them, writing to their friends, and procuring discharges for those who were in a dying condition, and were unfit for service. With a heart burdened by grief, but with a cheerful countenance and forgetfulness of self, she devoted herself to the comfort and care of the sick. Once convinced that her object was just, she left no honorable means untried to secure it. When surgeons could not be flattered or coaxed, she administered a gentle threat, or gave an intimation that higher officials might learn the facts. In visiting Ironton, during the latter part of October, she found the Eleventh regiment to be suffering from malarial diseases, contracted while at Helena, Ark., and other posts. One patient, a mere youth, a member of Company A., remarked when he heard of Mrs. Harvey's arrival, "My turn will soon come: for she'll get me my furlough." The furlough did come the next day. The poor lad, on hearing it said, "God bless her; Thank God I'm going home."

Soldiers All Loved Her.

He turned his face to the wall, and he who seemed so strong was at his final home in a half an hour's time. This dying soldier but expressed the sentiments which pervaded the hearts of all our boys—"God bless her!" She returned to St. Louis November 1, when the surgeon in charge of the hospitals wrote to Governor Solomon commending her efforts. During the same month while she was at Cape Girardeau, General Curtis gave her permission to visit all the hospitals in his command, with an order to quartermasters and transportation companies to afford her and her sanitary articles transmission. One hundred men were found sick at Memphis and for many of these she obtained discharges. She went next to Helena, Rolla, St. Louis Ironton, and early in February, 1863, to Memphis, to the governor, urging him to establish a hospital there. In a letter to him she said:

"We have a great many sick and wounded here, and tomorrow I commence visiting the hospitals. I feel that I can do great good here. I am very well and shall labor with delight, for I know just what to do and where to go the authorities are so willing to aid me."

Taken Sick Herself.

Finding no Wisconsin men sick at Corinth, she visited Jackson, La Grange, Memphis, and, in March, Vicksburg, where she went to see General Grant, and was successful in securing the issue of orders to send patients having chronic diarrhoea to northern hospitals; and another to clear out the convalescent camp at Memphis, discharging those unfit for service, sending others back to their regiments, and appointing medical inspectors to every army corps who shall have full power to discharge disabled men. The United States sanitary commission gave an order to Mrs. Harvey for all necessary supplies, and one hundred dollars to be used every month for the benefit of soldiers, according to her judgment. In the spring of 1863 Young's point, across the river from Vicksburg, was the limit of uninterrupted navigation; and much sickness was induced by the high water covering the low lands. After a few weeks' labor, Mrs. Harvey herself was taken seriously ill with the terrible miasma, and returned north, spending the summer in Wisconsin and New York.

The Harvey Hospital at Madison. Then with characteristic energy she set about her plan for establishing general hospitals in the north, going to Washington to urge it in person before President Lincoln. Both the president and Secretary Stanton were unwilling to consider it. The president believed that if the sick soldiers were brought north, they would desert. Mrs. Harvey did not think so; she continued her appeals with such persistency and cogency of argument that she finally secured an order for a general hospital in Wisconsin. It was located at Madison. The United States government purchased the building that was erected for a residence for ex-Governor Farwell and converted it into what became the widely known Harvey hospital. As an illustration of the great good which the northern hospitals did and the lives which they saved it is told that out of one hundred men sent from Fort Pickering, a convalescent camp, only seven died, five were discharged, and the remainder returned to active service.

A Soldiers' Orphans' Home.

In October Mrs. Harvey returned to Memphis and a month later went to Vicksburg, making that city her headquarters, under Gov. Salmon's orders. Her field of operation was from Memphis to New Orleans and to such points on each side of the river where Wisconsin regiments were stationed or where Wisconsin men were found in hospitals. She remained at Vicksburg until July, 1865, when she returned to Wisconsin and interested herself in the establishment of the Soldiers' Orphans' home. In 1866 the state bought the Harvey hospital for \$10,000; \$13,000 more was raised by subscription for its support, and Mrs. Harvey with a temporary board of instructors opened the institution. She was made the first superintendent, and at the time the state took possession in March, 1866, eighty-four orphans were admitted. Later in the same year the number had increased to 200. Mrs. Harvey resigned her position May 1, 1867. When the work of this institution was finished it passed into the hands of the Norwegian synod, which converted the property into a seminary.

TO-DAY'S TERSE TOWN TALES

"HAVING used Hale's Cough Cordial for a severe sore throat, and my wife having used it for a severe cough with very remarkable success, I take this manner of acknowledging the same, hoping that others similarly afflicted may be induced to try this valuable remedy. JOHN TEMPLE GRAVES' LECTURE.

Forceful and Interesting Talk On the Subject of Demagogues.

John Temple Graves, the eloquent Georgian, lectured on "The Reign of the Demagogue" at the Congregational church last night and charmed the audience with his reason and rhetoric. His lecture was interesting as well as instructive and applause was freely given. The demagogue did not exist in politics alone, he argued, but lived wherever shrewd men made use of the follies of prejudice of their brothers. The south, he said, had not been blessed with many educational opportunities but the horizon was clearing for the future. The youth was the hope of the country, he held, and all care should be taken to set them aright. The different kinds of demagogues were described, and he closed by expressing the prediction that the "good time coming" was at hand. The lecture was the last of the People's course, and to the managers much credit is due for the excellent entertainments they have provided for Janesville people.

SKETCH OF JUDGE CLEMENTSON

Life of the Non Partisan Candidate For the Supreme Bench.

Hon. George Clementson, of Lancaster, who is a non-partisan candidate for justice of the Wisconsin supreme court, is a native of Yorkshire, England, and is about forty-five years of age. When his parents came to the United States, they settled at Hazel Green, Grant county, and with them came a son and daughter. The son, George, received a good common school education, and afterwards attended for two years the academy at Hazel Green. His parents being poor and unable to send him away to school, at the age of seventeen he entered his father's shop, where he learned the wagon-maker's trade, at which he worked for seven years. While thus employed he found time at night to pursue general studies, and later on he took up the study of law in the same manner. At the age of twenty-four, having saved enough to enable him to do so, he took a course in the law department of Michigan University, and after that pursued the study

HON. GEORGE CLEMENTSON.

of the law for a year with J. Allen Barber, at Lancaster. He was admitted to the bar in the spring of 1868, and in the fall of that year was elected district attorney of Grant County, holding that office for two terms.

In the fall of 1868, Hon. J. Allen Barber offered to take him as a partner. This offer Mr. Clementson accepted and the law firm of Barber & Clementson continued until Mr. Barber's death in June, 1881. Upon Mr. Barber's election to congress in 1874, and from that time on, the management of the firm's extensive law practice fell entirely upon Mr. Clementson. By hard study, and strict attention to business, and the ability he displayed in the trial of cases, he speedily placed himself in the front rank of the bar of southwestern Wisconsin, and when it became a question who should be brought out to oppose Judge Cothren at the judicial election of 1882, the sentiment was unanimous that it should be Mr. Clementson. Although the judicial circuit was republican, Judge Cothren's popularity with the people was so great that he had been elected in 1876 by over 1,500 majority.

The republican convention to nominate a candidate for judge of the fifth circuit was held in Dodgeville in February, 1882; without a dissenting vote it nominated Mr. Clementson, and after a most exciting campaign he was elected by over 2,200 majority. When his first term expired Judge Clementson informed his friends that he would never again become a party candidate for a judicial office. In 1888 and again last spring he was elected judge of the fifth circuit as a non-partisan candidate. Since his election to the bench, thirteen years ago, Judge Clementson has absolutely refrained from taking any part in politics.

Judge Clementson was very reluctant to come out as a candidate against Judge Winslow, but the pressure brought to bear upon him was so great that he at last yielded. Judge Clementson stands very high as a judge, his fairness being one of his conspicuous characteristics. He is not a stickler for legal technicalities, but every litigant in his court is assured that he will receive justice, whether he be rich or poor. Among the recent notable cases in which Judge Clementson has presided is that of John B. Koetting, the Milwaukee ex-banker.

We wish to state to our patrons that One Minute Cough Cure is a safe and reliable remedy for children troubled with croup, colds, hoarseness and lung troubles. It is pleasant to take, and quickly cures. C. D. Stevens.

Washing Machines.

We have a lot of A No. 1 washing machines which we are offering with our Fire sale of tinware at \$1.00 each. They are the regular \$3.00 machine and cannot be purchased by any other house for the price we retail at. We have also ninety dozen chamber pails, the best Japan pail, which are going at 10 to 25c each, and 129 dozen galvanized water pails which we offer at 12 cents each. Oh! This is a tinware sale and as a lady put it yesterday, "It is the housekeepers' paradise." No wonder, as any lady can buy almost a wagon load of the best tinware for \$1.00. LOWELL HARDWARE CO.

FLORENCE LILLIAN TELLS HER STORY

SHE SAYS GEORGE WAS NOT
DRIVEN OUT.

Her Husband Said He "Didn't Care For a Wife Who Was Ill" and "Did Not Want to Support Her"—Denies the Mother-in-law Story—To Go To New Mexico.

Florence Lillian Ford Wickes is now in evidence.

She took the stand in defense of her husband yesterday, and told a Chicago Post reporter "how it happened." His story as published in last evening's paper says that she wished to contradict a few of the statements made by Mr. Ford in regard to the cause of their separation. She denies that her husband was cast off, but says that he left her of his own accord because he "didn't care to have a wife who was ill" and did not wish to support her." Mrs. Ford claims that since her marriage Mr. Ford has not contributed to her support in any way and she has depended in every way upon the allowance given her by her father.

"When Mr. Ford left on Monday, his wife told her friends that he had gone to Janesville, thinking that he might return." The Post continues: "She had told him that she was willing to try living with him, and her father had intended giving him a position in St. Louis. Mrs. Ford intended going to New Mexico for her health, and in the spring was to join her husband in St. Louis. But Mr. Ford complained bitterly of his wife's illness, and refused to live with her any longer."

"And as far as the 'too much mother-in-law' is concerned," said Mrs. Ford today, "Mr. Ford's last remarks, as he left the house Monday, were that my mother certainly was not to blame for our separation."

"Mrs. Ford will leave tomorrow morning for New Mexico, where she will spend the next two months. She has no definite plans whatever, and has not arranged to go on the stage, although at some future time she may do so."

Promptness is a commendable virtue. That's why we offer you One Minute Cough Cure. It is prompt in relief and prompt in curing. That is what it is made for. C. D. Stevens.

FIFTEEN INTERRED THIS MONTH

Oak Hill Report For February Shows That Number of Burials.

There were fifteen interments in Oak Hill cemetery during the month of February, only ten of which are credited to the city of Janesville. Sexton Robert Scott made his monthly report to the board of trustees this morning as follows:

February 1—Geraldine Smith, Whitewater, aged three years.

February 7—Anson London, Chicago, aged fifty six years.

Feb. 12—Mrs. Bertha Kath, LaPrairie, aged fifty one years.

February 16—William Lempke, Janesville, aged thirty-six years.

February 16—Frederick Arnold, Filled, aged two years.

February 18—Mrs. Janet Hemmingway, Chicago, aged eighty-two years.

February 18—Mrs. Ann Moir, Janesville, aged eighty-one years.

February 16—Mrs. Bertha Lightfoot, Janesville, aged twenty one years.

February 16—Rosa Lightfoot, aged twelve days.

February 20—Luther Clark, Janesville, aged sixty-nine years.

February 23—Albert Medick, Janesville, aged seven years.

February 23—Leonard Beck, Janesville, aged six days.

February 23—Mrs. Harriet Leonard, Janesville, aged seventy-eight years.

February 26—Mrs. Grace Auld, Janesville, aged eighty-four years.

February 26—Mrs. Martha Davies, Harmony, aged seventy-six years.

It is not a miracle. It won't cure everything, but it will cure piles. That's what Dr. Witt's Witch Hazel Salve will do, because it has done it in hundreds of cases. C. D. Stevens.

THE JANESVILLE GAZETTE

THE OFFICIAL CITY PAPER.

Entered at the postoffice at Janesville, Wis., as second-class matter.

From many Janesville homes prayers of thanksgiving will go up for the comfort supplied from the fund resulting from the performance of the Imperial troupe. The poverty pinched people can thank many citizens for the help given them, but they can thank one man in particular—Alderman F.S. Winslow—who spent much of his time, energy and money to make the performance a financial success.

A young woman named Maudlin recently eloped from a northern Wisconsin town with a young gentleman named Skates and the papers put "scare heads" on the story. Just why they should do so is a mystery. There is nothing unusual about it. People are always Maudlin when they "get their Skates."

The Recorder is already dodging the issue and wants the spring campaign fought out on the water works question. Their isn't enough left of their party principle upon which to base an argument.

HOW TO TAP THE FIRST WARD POND

Ex-Alderman M. G. Arnold Has a Plan That He Recommends.

EDITOR GAZETTE—I noticed in your issue of Feb. 28, that some of the residents of Mitchell's third addition First ward, are complaining to the mayor about the overflow of water in that neighborhood. Well may they complain when they have to resort to row boats to get to their homes. This overflow ought and could be prevented. Now is just the time for the people in that section to agitate the subject and see to it that aldermen are elected in the First and Fifth ward, who will see that money is appropriated to fix it. While I was a member of the council the matter was brought to their attention. A committee looked over the ground and did some work so that the water did not collect there from the summer showers. There are two ways that the water could be gotten rid of. The water comes from melted snow on and about the Woodruff farm and flows part way across his race track. Then it goes south to McCullough's, where it crosses Mineral Point avenue and is distributed over that low land. Now to take care of the water. Make arrangements with Mr. Woodruff to make a wide, shallow ditch, which could be seeded down, so that it would not hurt the land for grass, and run the water across his land to Oak Hill avenue and down Highland Avenue to the Lovejoy culvert. Plan number two is to open up Ravine street, from Pine to Oak Hill avenue and grade Oak Hill avenue to Pleasant and let it run south west. This is according to Mr. Rogers' survey. I know what the aldermen will say:

"I have always been so."

Then certainly it is time the spring nuisance was stopped. Hundreds of good building lots, right near town, are practically valuable only for farming land, just on account of this spring overflow. H. G. ARNOLD.

"THE NEW BOY" IS SATISFACTORY

The Frohman's Company Pleased a Janesville Audience Last Night.

Frohman's "The New Boy" company gave a thoroughly satisfactory performance at the Myers Grand last night. The play is not as strong as it might be but was withal highly amusing. The company was evenly balanced and Bert Coote as "The New Boy" demonstrated that he was possessed of a great deal of ability. O. E. Hallam, who will be remembered by Janesville people as a member of the May Bretonne company, took the part of "Dr. Candy" and played it well. The audience was not large, but it was a thoroughly appreciative one.

CAME HERE TO SEE GOOD HORSES

Class From The Agricultural Department Of The State University Visit Janesville.

Prof. J. A. Craig from the State university arrived in the city this morning with twenty students who are attending the agricultural department of the university, their object being to inspect the different breeds of horses in this city belonging to Reid Bros., the McKinney Stock farm and Hadden, Scott & Mount. Every year a gold medal is given the student who is the best judge of a horse, and the meeting will be held this year at Wayne, Ill. on March 23. The judges are to be W. R. Goodwin of Chicago, and Alex Galbraith of this city.

Don't neglect that cough, it leads to consumption. One Minute Cough Cure possesses a double virtue. It cures and cures quickly. C. D. Stevens.

Opening a Success.

It is quite evident that Bolles, the tailor, will fulfill all his promises to the public. Today is his first real business day in Janesville, and hundreds went in and saw as fine a line of suitings as were ever shown in Chicago. Mr. Middleton received all in a very courteous and pleasing manner and took orders for several suits. The spring opening will continue this evening, at which time the Maudlin club will furnish music and each lady visitor will be presented with a handsome and useful souvenir.

A gentleman of this county who has excellent judgment, remarked to me the other day that he knew of no pill so good for constipation, dyspepsia and liver complaint as Dr. Williams' Little Early Risers. C. D. Stevens.

THE TOWN TALES OF A DAY.

CHEAP canned fruit is a detriment to any house, no good at any price. We tried some, could not find time to square it with the customers. Would like some information as to how to square such a deal. We sell the best at the price of cheap truck. Dunn Bros.

Now that spring is here mine host Swezey will soon commence to decorate the Grand. Some great work will be done there this season. Works of art that will not be equalled in the country outside of New York City.

GENTLEMEN you want a fine kangaroo shoe for summer. We are selling Strong & Carrolls hand sewed kangaroo shoes at \$4.00 other place they ask you \$6.00. Lloyd & Son.

LADIES hand turned shoes, A. J. Johnson's make for \$1.50. These goods cost \$3.75 but we will close them out tomorrow. Come early and get your choice. Lloyd & Son.

FINE goods are always desirable, and keeping this fact in mind we never buy anything but the best. Have you seen those watches set with diamonds and pearls. F. C. Cook & Co.

S. D. GRUBB has returned from Chicago, where he purchased a fine line of spring shirts, neckwear, men's and boys' shoes, spring overcoats mackintoshes and gloves.

THERE will be a musicale by the orchestra of the Blind Institute, assisted by others, at the Congregational church, March 15. Tickets 10 and 15 cents.

SEVENTY-EIGHT pair Richardson & Norcross hand turned shoes go tomorrow at \$2.50. Beat these prices if you can. If not come and see us. Lloyd & Son.

LOWELL, the hustler and slayer of high prices is selling tinware. Just consult the prices in large advertisement and you will at once become a buyer.

WHITAKER & GRAEBER run a strictly first class shop in every particular. Always ready to wait on customers. Bath rooms always ready. Mosher's old stand.

ANY white clover honey that is being offered for less than 15 cents a pound is not pure. Come to us and get the best. Dunn Bros.

WE'll sell you black dress goods for 50 cents a yard that will cost you \$1.00 any other place a year ago. Bort, Bailey & Co.

THE Knox hat proved a great taker at Kniff & Allen's yesterday, this season's styles are much better than ever made.

SILK curtains, rugs and carpets woven to order at 25 North Main street, upstairs. Satisfaction guaranteed.

We are exclusive agents for Patek & Philippe Swiss watches in Janesville; none better made. F. C. Cook & Co.

E. J. SMITH, of T. J. Ziegler's, spent three days in Chicago this week, placing orders for fall clothing to be made.

ALL cloth cloaks 95 cents; \$2.80 and \$5.75 at T. P. Burns' clearing sale.

FOR white stitched goods come and see us. We have them. Lloyd & Son.

SAME price prevails in all cloth cloaks, 95 cents, \$2.80 and \$5.75. T. P. Burns.

HALE'S Cough Cordial cures all kinds of coughs and throat troubles for sale at Prentice & Evenson's.

Don't fail to hear "Baby Marie" at the First M. E. church Tuesday evening.

FINE worsted plaids just received at Bort, Bailey & Co's., only 15 cents a yard.

Used To Cost \$12.

"The first washing machines sold in this town cost \$12," said an old citizen yesterday as he viewed the long line of washing machines in front of Lowell's at \$1.90 each. "They were the old square kind," he went on to say, and "were not near as good as those right there; I don't see how they can be produced for \$1.90." It is rather a query how such goods can be sold at this price, but such is the case, and we are selling along with our fire sale of tinware.

THE FAIR MEN MET TO CHANGE RULES

AGRICULTURAL SOCIETY HOLD THEIR QUARTERLY SESSION

Several Alterations In The By Laws Are Recommended But They Will Lay Over Until Next June For Final Action—Other News From About The Town.

Stock holders of the Rock County Agricultural society convened in quarterly meeting this afternoon in the office of Secretary D. W. Watt. The committee on revision of by laws reported a number of changes, most important of which was to elect one director from each town making a board of twenty instead of ten as at present constituted. Also that the superintendents of the several departments of the fair be elected from among the board of directors. A number of other minor changes were reported, correcting conflicting laws, etc. These amendments lay over under the rules until the June meeting.

HORATIO NELSON has traded his team of "strawberry roans" to A. C. Munger, the grocer, receiving in exchange a large sum of money and Mr. Munger's team of trained mules, "Toby" and "Tobias." People all took off their hats when Mr. Nelson drove the roans down the street, but they'll have to elevate their head gear on a ten-foot pole when he goes by with the mules.

as good a bicycle as you ever saw for about half what they sold for other years.

THERE was a lively game of fistcuffs in a west side saloon yesterday afternoon. A Beloit man who was full of fight and whisky wanted to "lick" somebody and "lick 'em bad." With that end in view he started to "clean out the house," but he was not wholly successful. A local man who is something of a fighter himself, took the line city gentleman in hand and the back room was cleared of tables and chairs, and the trouble began. Finally the Janesville man saw his opportunity and pushed his fist into the opening. The stranger went down, and in falling cut a deep gash in his head by striking a table which ended hostilities.

LOST THEIR PLACES ON A SPY'S REPORT

THREE C. & N. W. CONDUCTORS ARE DISCHARGED.

Mean Spotter Played Upon Their Sympathies and Because They Believed and Accommodated Him They Are "Let Out"—All Old Employees and One Lives Here.

If the stories that railroad men tell are true the job of the railroad "spotter" is one that would put a "green goods man" to sleep. This was illustrated the other day when a conductor who has lived here ten years and worked for the Northwestern about that length of time, was discharged upon the representations of one of these creatures. One day last month the spotter got on a train that goes through Janesville, at Chicago. He told the conductor a pitiful tale, claiming that he was an old railroad man who had lost his position during the recent strike at Chicago. He was out of money and out of work he said, and he wanted to reach St. Paul, his former home. The train chasen for the honorable work was what railroad men call number 1. One conductor takes it from Chicago to Harvard turning it over at that station to the Janesville man who is in charge until Elroy is reached where the third conductor goes on to St. Paul. All the "potter" wanted when he spoke to the first conductor, was to be introduced to the second conductor when the train reached Harvard. The first conductor agreed to the plan and carried the impostor to Harvard where he introduced him to the Janesville man who carried him to Elroy and introduced him to the last conductor who allowed him to ride to St. Paul. Then he made his report to headquarters and as the result the three conductors were discharged. All three were men who had been long in the service of the company but that made no difference and their names were written on the retired list. Perhaps this kind of economy coupled with close attention to business will enable that thrifty company to save enough money within the next fifty years to build Janesville a passenger depot that is not a disgrace to the town. Protecting themselves against dishonesty and fraud is one thing but employing spies like the man in question, might be looked at in another light by some people.

PAUL WATSON IS IN TROUBLE

Edgerton Young Man of Good Reputation Mixed Up In the Liquor Case.

Marshal Springer of Edgerton came down this morning and took Stricker and Keller, the two men who are charged with stealing a keg of beer from Frank's saloon, back to Edgerton to testify against Paul Watson, who appeared in court at that place today on the charge of being an accessory after the fact. Watson, Edgerton people say, has heretofore borne an excellent reputation, accepted some of the stolen liquor and used it freely. He attended the firemen's dance the other evening and, they say, made an exhibition of himself. Many Edgerton people sympathize with Watson, and say that he got into bad company.

CHANGES IN BUSINESS FIRMS.

W. C. Rehfield Sells to Kent & Company—Carl Pabst Quite Contracting.

W. C. Rehfield who has been in the painting business in this city for a number of years has sold out to E. J. Kent & Co. who will remove the stock to their shop. Mr. Rehfield will work the coming summer for E. J. Kent & Company.

Carl Pabst who has been in the contracting business in Janesville for the past thirteen years has given up that business and is now with the "Metropolitan Life Insurance Company." Mr. Pabst is a "bustler" and will without doubt, make a success of his new venture.

WHY MR. METZINGER ASSIGNED

Step Was Taken To Prevent the Filing of Attachments.

The assignment of John G. Metzinger, the shoe manufacturer, yesterday afternoon, was made in the interest of all parties. Mr. Metzinger owed some money that he could not pay, and to prevent the filing of attachments, etc., the step was taken. It is said that he will soon be able to straighten out his affairs and get on his feet. The plan and other assets are valued at \$5,000, while the liabilities only aggregate about \$1,800.

HAD A GAY TIME AT THE JUNCTION.

Couple of Janesville and Mount Zion Lads Go On a Tear.

"Two smart young men, one from Janesville and the other from Mount Zion, came over here for some fun with the boys," says the Milton Junction News. "Not finding the kind of entertainment they were looking for they began to accuse each other until the argument finally ended in blows. Officer Livingstone came along about that time and started the pugilists for their respective abodes. Next time he will start them for the jail."

MR. KIMBALL TOOK AN ACTIVE PART

Janesville's Representative Was Not Idle In the Assembly Yesterday.

Hon. Fenner Kimball took quite an prominent part in the discussion in the assembly yesterday. He spoke against the dairy bill on general principles, saying it was class legislation in favor of dairy-men, and against working people, who preferred to buy good butter at 15 cents a pound to rotten butter at 20 cents or more. He quoted his chemical authority showing that oleomargarine is not detrimental to the health. This bill was intended to shut out a product that working people want to buy, and he did not think it just to consumers. While he had been a farmer himself he thought other people had rights. The bill was ordered to third reading with but four dissenting votes, Besse, Cousins, Kimball and Yawkey.

Mr. Kimball also spoke at length in favor of his resolution for an electric light plant in the capitol. It was amended to include the university building and adopted. The resolution was specially in order, as a gas main burst in the capitol last night and nearly suffocated everybody.

PAUL WATSON IS IN TROUBLE

Edgerton Young Man of Good Reputation Mixed Up In the Liquor Case.

Marshal Springer of Edgerton came down this morning and took Stricker and Keller, the two men who are charged with stealing a keg of beer from Frank's saloon, back to Edgerton to testify against Paul Watson, who appeared in court at that place today on the charge of being an accessory after the fact. Watson, Edgerton people say, has heretofore borne an excellent reputation, accepted some of the stolen liquor and used it freely. He attended the firemen's dance the other evening and, they say, made an exhibition of himself. Many Edgerton people sympathize with Watson, and say that he got into bad company.

CHANGES IN BUSINESS FIRMS.

W. C. Rehfield Sells to Kent & Company—Carl Pabst Quite Contracting.

W. C. Rehfield who has been in the painting business in this city for a number of years has sold out to E. J. Kent & Co. who will remove the stock to their shop. Mr. Rehfield will work the coming summer for E. J. Kent & Company.

Carl Pabst who has been in the contracting business in Janesville for the past thirteen years has given up that business and is now with the "Metropolitan Life Insurance Company." Mr. Pabst is a "bustler" and will without doubt, make a success of his new venture.

WHY MR. METZINGER ASSIGNED

Step Was Taken To Prevent the Filing of Attachments.

The assignment of John G. Metzinger, the shoe manufacturer, yesterday afternoon, was made in the interest of all parties. Mr. Metzinger owed some money that he could not pay, and to prevent the filing of attachments, etc., the step was taken. It is said that he will soon be able to straighten out his affairs and get on his feet. The plan and other assets are valued at \$5,000, while the liabilities only aggregate about \$1,800.

HAD A GAY TIME AT THE JUNCTION.

Couple of Janesville and Mount Zion Lads Go On a Tear.

"Two smart young men, one from Janesville and the other from Mount Zion, came over here for some fun with the boys," says the Milton Junction News. "Not finding the kind of entertainment they were looking for they began to accuse each other until the argument finally ended in blows. Officer Livingstone came along about that time and started the pugilists for their respective abodes. Next time he will start them for the jail."

SIX CANDIDATES IN THE RACE.

Many Men Want the Republican Nomination for Street Commissioner.

There are now six prominent republican candidates for the nomination of street commissioner all of whom have hosts of friends who would be pleased to see their favorites on the ticket. The candidates are A. E. Rich, Herman Lempe, C. H. Keuck, J. E. Croft, M. H. Curtis and J. L. Bear.

CHILDREN CUT OFF WITH BUT \$1 EACH

EDGERTON WILL CASE BEFORE JUDGE SALE.

Andrew Regan Bequeathed All His Modest Property to One Son and Left the Other Three Children But One Silver Cartwheel Each—Contestants Did Not Show Up.

When Andrew Regan, of Edgerton, made his will bequeathing nearly all his property to his son, John Regan, and cut the other three children off with one dollar each, he laid the foundation for future trouble. Notice of contest was filed in the county court, and yesterday was the day set for a hearing. When the case was called up in the afternoon, the contestants did not appear, and the will, giving the property to John Regan, was admitted to probate by order of the court. The property in question consisted of a house and one or two lots in Edgerton, the estimated value being about \$1,500. Regan had four surviving children—three sons and one daughter, and the three heirs who were cut off began to contest.

Judge Sale's calendar for the regular March term of court to be held on March 5 is as follows:

Hearing proof of will—George McLean, John Cummings, L. O. Humphrey and Lawrence Burke.

Hearing petition for administration—Elmer L. Parmley, Patrick Fitzgerald, William Jeffris, Dennis Malady, Margaret Murphy and Mabel A. Phillips.

Hearing petitions for appointment of a guardian—Smith Tette.

Hearing petition for construction of will—Susan R. Pitt.

Hearing claims—Michael Smith, David M. Pelton, John J. Weigle, Edwin Carrier, Fred D. Parker, M. Theodora Brown and Nathan Wardner.

Hearing administrators' account—Hult Stoen, William Edwards.

Hearing executor's account—Joseph Mayo and Johanna Welsh.

Hearing trustee's account—Randall Williams and Ernest Dreppahl.

Hearing guardian's account—Elias F. Fockler, A. E. Morse (M. H.), S. B. Gesley (M. H.), Chester B. Bas (M. H.), William W. Wiggins and Minnie Kasten (M. H.).

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 4 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

A YOUNG GIRL'S FORTUNE.

AN INTERESTING SKETCH.

Nothing appeals so strongly to a mother's affection as her daughter just budding into womanhood. Following is an instance: "Our daughter, Blanche, now 15 years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. She was in such a condition that we had to keep her from school and abandon her music lessons. In fact, we feared St. Vitus dance, and were positive but for an invaluable remedy she would have had that terrible affliction. We had employed physicians, but she received no benefit from them. The first of last August she weighed but 75 pounds, and although she had taken only three bottles of Nerveine she now weighs 105 pounds; her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and studies with comfort and ease. She has recovered complete use of her arm, her appetite is splendid, and money could procure for our daughter the health Dr. Nerveine has brought her."

When my brother recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort he sent a bottle, we began giving it to Blanche, and the effect was almost immediate. —Mrs. R. I. Bullock, Brighton, N. Y.

Dr. Greene's Nervura Is the Best and Surest Spring Medicine. Mr. Crouch and Editor J. C. Gere, in the Daily Hampshire Gazette, Give This Wonderful Remedy a Glowing Tribute.

"Dr. Greene's Nervura is a great medicine. There is no humbug about it! It was made to cure, and it does cure! No one need be afraid to use it."

Day by day he praises this wonderful medicine to his friends and neighbors, as the one sure way to regain their health.

him that he immediately bought one and gave it to Princess Alix, with the remark: "It cannot be so very like as no one recognized me when I bought it." Nevertheless the work of art was put in a place of honor in the Anitschkow palace. On another occasion as he was driving slowly along the Nevski a man attempted to throw a letter into the carriage, but missed his aim and the petition fell under the wheels. His majesty immediately ordered one of his terrified servants to pick it up and give it to him, and in spite of the almost fearful entreaties of a high police official who was on the spot, insisted on opening it and reading it himself. Calling the supplicant to the side of the carriage the emperor promised to grant his petition, and turning to the officials said in a loud voice: "On no account is the man to be punished or annoyed in any way on account of this letter." It is much commented on in court circles that so far the czar has refused to accede to the often-repeated wish of the Grand Duke Michael Nikolajewitsch and to raise himself to the rank of generalissimo though the whole court would be delighted to see him in the becoming and glittering uniform.
